Parental involvement in school assemblies – science, technology, computing and RE

Dear parents and carers,

This year at school we are really focused on giving a high priority to science, design & technology and computing lessons. Along with English and maths, these subjects form part of our 'Achieving Excellence Together' plan.

We want to create a real buzz around this work and show the children the positive impact that science and engineering can have on the world (this is where you can help!). If you work in any of these subject areas and would like to share your work, either in assemblies or with a specific class, please contact the school office via email enquiries@dore.sheffield.sch.uk for the attention of Mr Goodwin.

Assemblies tend to last for 20-25 minutes and both the junior and infant halls have projectors and sound systems (so you can show video clips, websites, etc). If this is a bit daunting, and you would prefer to talk with just one class then a 15 minute talk and 15 minute Q&A session would work well.

On a related subject, we are always looking for members of the school community to come in to celebrate the diversity of beliefs within Sheffield, Britain and the wider world. We welcome people of all faiths and none. We are particularly interested in celebrating the major cultural and religious festivals throughout the year. All assemblies would need to be in accordance with our school collective worship policy. If this is something you would be interested in discussing, please email the school office for the attention of Mrs Hope-Gill.

We look forward to hearing from you soon.

Yours sincerely,

Mr Goodwin and Mrs Hope-Gill
