

Walk to School Week

15th – 19th May

Dear Pupils and Parents / Carers,

Do you walk to school? Now is your chance!

The week commencing the 15th of May is Walk to School Week at Dore Primary School. Each class will have a sticker challenge chart and every time you walk to school you will get to put a sticker on the chart... if you walk to school all week you will be rewarded with a special Walk to School Week magnet!

Why not make your walk to school a little more interesting by adding an extra challenge, like bug counting or prime number spotting!

If your journey to school is too long to walk and you normally travel by car, ask an adult to drop you a little further away from school than normal so you can walk some of the way.

Let's get fit and walk a bit!

Yours sincerely,

The Dore Democrats

Dear Parents/Carers:

All materials, including wallcharts, stickers, reward magnets and booklets to record pupil challenges have been kindly funded by Dore Parents Association, mostly from monies raised during the Beetle Drive!

Thank you to all those who contributed.

So, get healthy and let's all enjoy walking to school.
