

Icy and Snowy Conditions

- ☺ We need to keep **SAFE, HEALTHY and HAPPY** when it is icy and snowy. We need to be **RESPONSIBLE and COOPERATIVE!**
- ☺ **NO SLIDING** on ice and frost **EVER**. This is a danger to the person sliding **AND** to people who walk on the icy patches you make. Many young children and older people and pregnant mums cross our grounds and yards.
- ☺ **NO THROWING** of **ICE** or **SNOW**. **NO SNOWBALLING** unless you are with your teacher in an arranged game.
- ☺ When it is snowy you will be allowed outside if it is an outdoor play if you are wearing wellington boots or strong walking shoes **NOT TRAINERS or SHOES**. You **MUST** wear a coat!
- ☺ Keep off the play trails and jungle gyms. They will be too slippery.
- ☺ You may build snowmen and snow sculptures. You may roll giant snowballs.

Enjoy the snow and take care of each other ☺
