

So that we can give everyone a fair chance to collect their credits we really need your help to find out what activities children and young people go to and where they happen. We can then invite these organisations to become Learning Destinations so you can collect credits there. Please talk to the children and young people at your school and let us know which organisations they would like to recommend.

School Name:

### Recommendations for Learning Destinations

Name of organisation	Where activities happen	Contact details (if you know any)	What kind of activities do they run?
