Tree planting at Kings Croft

25.11.19

Dear Parents

Last week and this week the children have had assemblies where we've discussed the implications of deforestation and the benefits of tree planting and preservation of woodland. The key message has been that: Trees change lives. They help combat climate change, they improve our air quality, they provide new habitats for wildlife and improve our well-being through outdoor activity, play, and learning.

The Big Tree Plant is an opportunity for each child in school to plant their own tree and contribute to the development of the current woodland on Kings Croft. The trees are a mixture of native species and have been sourced from the Woodland Trust and the Local Parks and Ranger Service who will also be supporting with equipment and advice. Details of when the children are planting are outlined below and your support will be welcomed if you'd like to come along?

Kind Regards

Jason Fletcher (Deputyhead)

"No one will protect what they don't care about; and no one will care about what they have never experienced" David Attenborough
